2 What type of information we have

We collect and hold your name and email address if you are a Friend of the organisation. We also hold your address and phone number, if you have given us these. We record when you joined and if you are a member of the Facebook group. We may also record if you are a member of another local organisation such as the West Finchley Residents' Association or the Finchley Society, if we know this.

For those who attend work parties or otherwise volunteer but who are not Friends, we hold name and email address. Your name and the dates of work parties you have attended, whether in full or in part, are recorded in a separate spreadsheet. If you do not volunteer for more than a year, your details are deleted from this list.

If you volunteer through another organisation, such as Barnet Volunteering or Good Gym, we may not hold your information unless you become a Friend, as it is available through those organisations.

If you complete a Gift Aid form the Treasurer retains the form in order to collect the tax refund.

Under the General Data Protection Regulation (GDPR), the lawful bases we rely on for processing this information is your consent. You are able to remove your consent at any time. You can do this by contacting fofwos@gmail.com. Your details will be removed from the database. A search will be made of all emails and any to or from you will be deleted unless they include others and the information is necessary for the functioning of the charity.

3 How we get the information and why we do we have it

We only obtain information directly from you. The information is collected from you when you join the Friends, when you volunteer or attend an event. This can be done via an email from you to fofwos@gmail.com or by completing the 'Contact us' form on the website or on paper at an event.

We use the information to inform Friends about Friends of Finchley Way Open Space, up-dates on what is happening on the site and the volunteer activities and events that we organise.

Friends of Finchley Way Open Space

We send regular newsletters and otherwise keep Friends informed about activities. Only those who register as Friends receive newsletters and general information.

Volunteers who are not Friends may be contacted about volunteering events, for example the cancellation of a work party session.

We require email addresses and the dates of events that you have attended so that we can contact you after events for health and safety reasons. If requested this information will be passed on to the test and trace system run by any authorised body in England. We also use aggregated data on attendance at volunteering events to support grant applications.

We may analyse postal address data to understand our catchment area but we don't use personal data to make solely automated decisions.

We will never share your information with any other organisation or individual other than the test and trace system for Covid-19 in England without your consent.

We allow competent children aged over 13 to exercise their own data protection rights and comply with requests for erasure. We explain to children why we require the personal data we have asked for, and what we will do with it, in a way which they can understand. We make sure that the child understands what they are consenting to, and we do not exploit any imbalance of power in the relationship between us.

Those under 18 who have not consented to be Friends but who volunteer will be contacted via their responsible adult. We do not hold contact details for this group. We do, however, record their attendance at volunteer events.

4 How we store your information

The data is held as a spreadsheet on the Cloud. Attendance at work parties is recorded in a separate spreadsheet. Both are password protected and only the Chair, Secretary and Treasurer have access.

We use MailChimp to manage our distribution list. Within Mailchimp we hold a list of names and email addresses only. This can be accessed only by the Chair, Secretary and Treasurer.

We use Gmail to contact Friends and volunteers who are not Friends and therefore there is a Google Contacts list of names and emails. The Gmail account is password protected with only the Chair, Secretary and Treasurer having access.

If you are a Friend, the information is kept until you inform us that you no longer wish to remain a Friend, which you can do at any time.

If your email address bounces back we will seek to contact you to ascertain whether or not you wish to remain a Friend. If we are unable to contact you after one month your details will be irretrievably deleted. You will be able to recontact us to have your information reinstated at any time.

In order to comply with the requirements of the General Data Protection Regulation (GDPR) to keep the information we hold up-to-date, we will contact you by email once a year to check that the information we hold on you is still correct.
